## MADERO'S DEATH TOOK PLACE AT THE PALACE

Lawrence Wood Mexican Editor, Who Escaped Says He Can Prove It

Edward Fitzgerald DOCUMENTS ON THE WAY

Publisher of Mexico City Daily Makes Charges Against Ambassador Wilson.

San Francisco, March 20.-Col. Manuel Blanche Alcalde, publisher of the New Era, a Mexican City newspaper regarded as the mouthpiece of the late President Madero's administration, arrived here today with the assertion that he is "in a position to prove" that Madero was shot to death and that Vice-President Suarez was strangled in the national palace on the night of February 23 and their bodies taken to the prison in an auto-

"The reported assault by guard," said Alcalde, "was merely a farcial ruse and a part of the plot. If the automobile was fired upon the guards were only pouring lead into the dead bodies of the president and vice president who were murdered in the palace hours before."

Col. Alcalde described himself as an intimate friend of Madero. His mission in this country, he said, would be to expose the plot which brought about the Diaz uprising and the deaths of Madero and Suarez. Accompanied by his family, Alcalde fled from Mexico City February 23 to Salina Cruse. The party disgulaed themselves as peasants. On reaching the west coast port they tered a barge to reach Acapulco whence they took passage with other refugees.

Col. Alcalde asserted the news of Madero's fate was known in Washington before the hour named in the official version as the time of the alleged attempt to rescue him.

"As a matter of fact," said "President Madero and Vice-President Suarez were killed between and 2:30 o'clock Mexico City time on the night of February 22. The president was shot from behind and the powder burned his neck. Suarez was choked to death, His secretary, Fernandez De La Reguera, saw the body two days later and there were finger marks on the throat. One eye had been forced from its socket and the tongue protruded.

"Madame Madero and Madame Suarez went on the afternoon of February 22 together to Ambassador Wilson to implore him to intercede for their husbands lives," he said. "I saw them when they left the embassy and they told me there was no

Bitter in his criticism of Ambassador Wilson, Alcade declared American diplomat had declined to in tercede to save him from arrest and

Col. Alcalde said that he had protected Americans during the long battle of Mexico city and that after the Huerta coup, he went to Ambassador Wilson and asked for protection for himself.

"The ambassador," he declared, "asked me to write my name on a card with that of my brother. Soon afterward a friend of mine rushed to me with the information that the American ambassador had given a card on which were the names of my brother and myself to Secretary of the Interior Granados and the latter had immediately issued orders

Chemical Company's Factory on Fire for the Third Time in Six Years.

For the third time within the last six years the plant of the Stamford chemical company at Stamford, was almost totally destroyed by fire yesterday morning. The blaze was discovered soon after 2 a. m. by Royal Lincoln, one of the workmen, was at work in the still room when he saw flames shooting from floor and heard a loud explosion. Lincoln was badly burned about the legs and required the attention of a doctor to dress his wounds. The origin of the fire is not known. The plant consisted of considerable valuable machinery and a large wooden factory building and the loss is estimated at \$25,000. Large quantities of wood alcohol, acetate of lime and charcoal, products of the plant, were also destroyed. St. Johnsbury, March 20,-The as sistant judges of Caledonia County court, E. W. Brown of Waterford and Fred Hoffman of Wheelock, were in Groton yesterday to appoint the license commissioners.

The judges' first business was the receiving of a petition signed by near ly every woman in Groton protesting against the licensing of a saloon. G. White Hill, Orange, P. Welch and L. G. Welch were appointed commissioners.

# TO JAIL CHARGED WITH MURDER

Widow Held for the Death of Her Husband

PLEADS NOT GUILTY

Investigation Proves That Admiral's Death Was Due to Arsenical Poisoning.

Boston, March 21-Mrs. Jennie May Eaton was locked up in the county jail at Plymouth late yesterday pending a hearing on the charge that she murdered her husband, Rear-Admiral Joseph Giles Eaton, by poisoning. The widow was taken there from Hingham, where she was arraigned following her arrest earlier in the day Through counsel she pleaded not guilty, waived the reading of the complaint and was held without bonds for

examination next Friday. Meantime the inquest into the sudden death of the admiral on the 8th may or may not be resumed. This was not determined. It was intimated last night that Mrs. Eaton might not be brought to trial and the possible appointment of a commission to pass upon the prisoner's sanity was suggested.

District Attorney Barker went to Boston yesterday afternoon and had a conference with Chief Justice Aiken of the superior court. It was thought that his errand might be in connection with the convening of a special grand jury to consider the case.

When Mrs. Eaton, who is a stout woman, 45 years of age, entered the jail, she was dressed in the black suit that she wore at her husband's funeral and a mourning veil partially hid her face. She had been weeping but generally maintained the composure that has characterized her bear-ing from the first.

Admiral Eaton died in his bed at the home in Norwell, where he lived with his wife, her mother, Mrs. George Harrison and his stepdaughter, Dorothy Ainsworth. The death was unexpected and due, the other members of the family said, to an attack of indigestion, which followed a too hearty meal of roast pork.

tion and according to a statement by

District Attorney Barker yesterday. evidence of arsenical poisoning was discovered by Prof. William F. Whitney, who analyzed the contents of the stomach. The formal report of Prof. Whitney has not been made, and the arrest was ordered upon a verbal com munication to the district attorney. For 10 days the authorities have known that the admiral died of arsenic poisoning, and their efforts have been directed to finding where and by whom poison was obtained and to lay ing bare the home life of the Eaten family. In the first quest they have not been successful, the district attorney sald. Along the second line of inquiry a wealth of evidence has been furnished by friends of the family and neighbors. The picture was not an altogether pleasant one. The admiral and his wife, who was 20 years his junior, did not always agree it was said, regarding those who

'Young Gotch" and the Champion Lightweight to Meet on the Mat

The Banner has received a lenge from Eugene Tremblay of Montreal, the world's champion lightweight wrestler, for another match with "Young Gotch" of Bennington. The two little grapplers appeared at Foresters' hall last week champion won two out of three falls, Both of the Canadian's falls secured with the toe hold, which is barred in all amateur matches and which does not add at all to the interest of the game.

There are a number of fans in Bennington who are convinced that with the toe hold barred the champion Englishman and the champion Canadian would give an exhibition worth seeing. Tremblay's latest challenge has been accepted and the match will be held at the rooms of the Canadian club Wednesday evening. The men will meet at 142 pounds which not necessitate any anxiety regard-
